DETAILED ACTION

1. This office action is in response to the Application 10/674,085 filed 09/29/2003 and amendment filed 02/15/2006.

2. Claims 1-38 remain pending in the application.

3. Applicant's arguments with respect to claims 1-38 have been fully considered and are persuasive.

Allowable Subject Matter

4. Claims 1-38 are allowed. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach the specific arrangement of elements in the computer-implemented method for determining components in a circuit including creating a tree structure according to a **global symmetry line** that expresses the placement constraints for the plurality of components, wherein the tree structure comprises global root node that represents the **global symmetry line**; at least one interior node that represents a slicing line that establishes a relative placement of at least two components with respect to each other on the same side of the **global symmetry line**; performing iterative structured search of the tree structure for determination the placement of components based on at least one of the width and heights of the components.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
